FELDS COLUT

TDR 350 & 250 SOIL MOISTURE METERS

IF YOU DON'T MEASURE IT, YOU CAN'T MANAGE IT EFFECTIVELY

TDR350

Backed with proven time-domain measurement technology, the TDR 350 accurately measures soil moisture across a full range of soil conditions. An ergonomic design and built-in display provides quick and easy measurements for water management.

What Does it Measure?

Soil Moisture (Volumetric Water Content %), salts (electrical conductivity) and surface temperature, plus optional Infrared Temperature sensor

Common Applications

- Reliable portable meter for instant, accurate, actionable root zone moisture and soil EC readings average of rod length
- Irrigation scheduling, syringing practices and soil flushes
- Track and trend data from day to day, month to month and season to season to optimize turf Health and Conditioning

Features & Benefits

- Backlit Display Easy to see on early mornings and bright sunny days
- Easy to Read Layout & Large Digits clearly view readings, settings and icons
- Integrated Bluetooth & GPS greater accuracy with onboard components
- Internal Data Logger records approximately 50,000 measurements with GPS coordinates
- Optional TDR 300 Mode

How Do You Access The Data?

features

- Manual download the data with a USB flash drive, no special software or cable required
- Hands free instantly view data on your smartphone
 or tablet via FieldScout Mobile App
 - Cloud SpecConnect FieldScout Pro subscription automatically uploads data to your personal web portal to view enhanced mapping and reporting

The TDR 250 offers the same proven time-domain measurement technology as the other TDR meters, but with 20% less investment. The TDR 250 is a simplified portable soil-moisture meter that captures measurements in the root zone.

What Does it Measure?

Soil Moisture (Volumetric Water Content %)

Common Applications

- Reliable portable meter for instant, accurate and actionable root zone moisture readings
- Irrigation scheduling, syringing practices and soil flushes
- Ideal for daily-fee/municipal golf courses, sports turf fields and row crop farmers

Features & Benefits

- Displays VWC% (with running average)
- Operates in TDR 300 mode or salinity corrected (TDR 350) mode
- Soil measurements in less than a second
- Internal data logging up to 124,000 measurements
- USB port for a flash drive data download
- High-contrast display with backlight for easy viewing
- Interchangeable soil probes (varying options) sold separately
